DRAFT—1/26/01 version

Content Requirements/Wish List for the School IPM Permanent Web Site

NOTE: *This is intended to be a full inventory of all materials available on the Web site, but may not be organized as shown below. Items that require regular updating are denoted "updateable." Some items are provided in PDF and ASCII formats to allow users to easily download a printable version of the document.*

General Information on School IPM

1) Full text of AB 2260 (PDF and ASCII)
2) Summary of AB 2260 (PDF and ASCII)
3) FAQ on AB 2260, with hypertext outline, with versions for different audiences such as maintenance and operations directors, pest control operators (PCOs), teachers, administrators, parents, and students.
4) List of AB 2260 requirements for school district administrators (and any pertinent DPR rules) with links to resources for meeting those requirements—*updateable*
5) List of AB 2260 requirements for school district maintenance & operation staff (and any pertinent DPR rules) with links to resources for meeting those requirements—*updateable*
6) List of AB 2260 requirements for pest control operators (and any pertinent DPR rules) with links to resources for meeting those requirements—*updateable*
7) Copy of report *Overview of Pest Management Policies, Programs and Practices in Selected California School Districts* (PDF format)
8) Description of DPR IPM in Schools Program
9) Results of 2001 IPM in Schools survey(s)
10) School IPM news—*updateable*
11) Spotlight feature story emphasizing some aspect of school IPM in detail—*updateable*

Templates for School District Administrators, Pest Control Operators, and Others

1) Sample school board IPM policy (PDF and ASCII)
2) Sample information sheet on AB 2260 for mailing to parents (PDF and ASCII)
3) Sample annual notification of pesticide usage (PDF and ASCII)
4) Sample notice of opportunity to register for receiving treatment notifications (PDF and ASCII)
5) Sample notice for specific pesticide application (PDF and ASCII)
6) Sample pesticide application sign for posting (PDF and ASCII)
7) Sample reporting forms for PCO (PDF and ASCII)
8) Template database for keeping records of pest treatments and compiling reports for PCO (Microsoft Access and/or Excel format)
9) Template database for keeping records of pest treatments and compiling reports for school administrators (Microsoft Access and/or Excel format)
10) Template database for keeping records of parents who require special notification, and for printing out notification letters (Microsoft Access and/or Excel format)

Model School IPM Programs

1) IPM Innovators in schools page
2) Model school IPM programs/examples
3) Other IPM success stories—by region?

Training Resources in School IPM

1) List of training events and opportunities, by region, with links—*updateable*
2) List of training resources (literature, videos, organizations, audio tapes) with links and physical locations—*updateable*

References Pertinent to School IPM

1) Online and/or downloadable guides (with photos) for identification of common school pests
2) School IPM manual, with links to various chapters and pests
3) Treatment alternatives organized by pest (part of manual?), with links to label database for identifying product names, and links to outside sites for looking up toxicity data—*updateable*
4) Fact sheets on various pests and management practices (PDF)
5) Information on hazards (public health and other) associated with not treating for pests, organized by pest—accessible from page listing pesticide hazards
6) List of materials officially exempted from reporting—*updateable*
7) Database query to find out whether particular chemical ingredients can be legally used in schools—*updateable*
8) Links to other school IPM Web sites
9) Links to other school IPM texts
10) Links to IPM sites
11) Links to material safety data sheets
12) User-friendly human health hazard information
13) General definition of IPM

School IPM Contacts

1) List of e-mail, phone, mail addresses for offical contacts, listed by subject area
2) Links to other related programs (environmental education, school gardens, school waste-diversion programs, energy-efficient schools)
3) List of school district designees (IPM coordinators)

Evaluation

1) On-line survey for ongoing evaluation of Web site by target group
2) Suggestion box for submitting suggestions to DPR school IPM staff
